Welcome to TMDSAS

Dear Applicant,

On behalf of the TMDSAS Staff, welcome! We are so excited that you chose us to be part of your journey into healthcare. We understand that so much went into your decision to take this crucial next step towards following your dreams - but we also understand that the process of applying to professional school can be daunting. So at TMDSAS we aim to make the process as seamless as possible, to guide you each step of the way, to answer each of your questions and to serve as the bridge that connects you to your future!

TMDSAS is the centralized application processing service for applicants to the first-year entering classes at all public medical, dental and veterinary schools in the State of Texas. We simplify the application process for both the applicants and the participating schools by providing ONE standardized application. The participating schools design the questions on the application and therefore receive uniform information on all applicants. The applicants benefit by completing one application at an affordable, flat-rate price. Think: win-win.

This Application Handbook was created by the Texas Medical & Dental Schools Application Service (TMDSAS) to assist applicants in understanding and completing the application for the 2019 entering class. Reading the advice and instructions in the handbook will give you the edge you seek in putting forward the final application that best represents you. We cannot stress enough how essential it is to read this handbook cover-to-cover and to familiarize yourself with its contents. It is in your best interest to read, understand and follow all TMDSAS policies and procedures during each phase of the application process.

Remember, you are not alone. While we do our best to provide you with the tools for success in this handbook, we know that you will have questions. Our mission at TMDSAS is to support you in this process and we can only do that if we know what you need. So use to the fullest the various platforms we make available to all applicants - call, email, send a message and connect with us on social media. Our team is dedicated to providing you with the assistance you need in a timely and friendly manner and in delivering a world-class experience with TMDSAS.

In keeping with that, we welcome you to give us your feedback about the various facets of our organization. Do you think something is missing from our website? Let us know! Is there a part of the application that simply befuddles you? We’re listening!

The bottom line is this: TMDSAS exists to serve you and in large part exists because of you. We are constantly refining our practices to provide you with the best possible experience from start to finish, and together, we can make that happen.

From all of us at TMDSAS, we’re here for you and we wish you the absolute best!

THE BREAKDOWN

What’s in this Handbook and How Do You Use It?
Here are the three sections of the handbook:

**Section I: First Steps**
Before you Begin the Application
Let’s work together to get you prepared to begin working on the application.
We’ll talk about important dates, technical aspects of the application, and other special considerations.

**Section II: Be Thorough**
Completing the Application
Here we will provide an in-depth review of each section of the application.

**Section III: Stay Engaged**
After Submitting the Application
This section discusses important next steps to take after you submit your TMDSAS application.

We’re Very Detail-Oriented
Each section will in turn contain multiple subsections that explain what to expect in each phase of the process. You will also find step-by-step instructions for what to do and how to do it. Take your time. Make sure that you fully understand the instructions and remember to reach out to us if you need assistance.

Take your Understanding to the Next Level - Glossary and Policy Index
In addition to the instructions and tips you’ll find throughout the handbook, you’ll also need to spend time familiarizing yourself with the items at the back of the publication. There you will find an index of our policies, including an outline of your responsibilities as an applicant and a glossary of terms to aid your understanding as you work through the application.

What Else Should You Look for?

- **App Tips:** Helpful tips, that based on our experience, keep you on track, help you avoid common pitfalls and connect you with our digital media.
- **Icons:** Images that help you to navigate the application, and to know what sections pertain to you. (See next page.)
- **@TMDSASSupport:** Encouraging and timely reminders that TMDSAS is here with you every step of the way.
Are You Ready for the First Section? - Let’s go!

Now that you are more familiar with what to expect from this handbook, it’s time to get you prepared to start the application. The following section – **First Steps: Before You Begin the Application** - will help you get the ball rolling by outlining the knowledge and tools you will need *before* you actually begin to fill out the application.
PUTTING YOUR BEST FOOT FORWARD

We like you, and we know that together, we’re going to be great! But before we can go on we need you to do two things for us:

- 1 of 2: Read Applicant Responsibilities. It is vital that you read and understand our policies regarding applicant responsibilities. This ensures transparency in our organization and will help you know what to expect during each phase of the process. Additionally, it will help you understand what TMDSAS expects from you so that we are able to perform our duties as defined in our mission - to get your application to the school(s) of your choice expeditiously and free of error.

So before we move on, stop. Go read the Applicant Responsibilities section found in the TMDSAS Policies (at the end of this handbook) on page x-xii. When you’re done, come on back and we’ll move on to the Application Checklist.

WELCOME BACK!
You’ve read our policies regarding applicant responsibilities? Great! Now let’s keep going.

- 2 of 2: Review Application Checklist. At the back of this section you’ll find a checklist (feel free to print this page out) of important items that will need to be submitted to us at various points throughout the process. Some things will need to be submitted only once, like the application fee, but others may need to be sent in more than once, i.e. transcripts. Keep this sheet handy and refer to it often to keep yourself on track!

Next up, information for reapplicants + some final things to keep in mind before you begin the application.
**FOR RE-APPLICANTS**

**Re-applicant Definition:** You are considered a re-applicant if you have previously submitted an application to medical, dental or veterinary school through TMDSAS and paid your application fee.

➢ **No need to re-register:** If you have registered for an account or if you applied since 2010, it is not necessary to go through the registration process again. Use the same email address and password that you used for the previous application.

➢ **If your email address has changed:** Sign in with the old email address. Once you have logged in, you can update your email address via the [My Account] link in the upper-right hand corner of the application.

➢ **Critical: Complete the Application History Section.** If you are a re-applicant, do not forget to update the [Application History] section. Your answers from the previous application cycle will roll forward but do not reflect that you have previously applied. Therefore, the information must be updated and saved.

➢ **Remember to check each page:** The majority of the information entered into the previous year’s application will “roll-over” to the current application. It is however, still necessary to go to each section, review the information for accuracy, make corrections where necessary, and then **SAVE** the page!

These sections will need to be completed again. After you have saved each section of the application, go to the [Certification and Payment] sections to complete your application.

Information entered in the following sections will **NOT** roll over:
- Select Schools
- Demographic
- Family Info
- Financial Info, Essays
- Letters of Evaluation
- Proof of Residency
- Planned Enrollment
- Chronology of Activities
- Certification Statement

**Don’t Forget!**
You must re-send your transcripts, letters of evaluation, MCAT scores, and pay a new application fee. It is recommended that you do not send the same letters from the last application cycle. Letters of evaluation should be updated or come from new evaluators.
THINGS TO KEEP IN MIND

1. **How the TMDSAS GPA is Calculated**
   Information regarding the GPA Calculation Rules per the Texas Higher Education Coordinating Board (THECB) can be found in the *Policies* section. Additionally, the different types of GPA calculations made by TMDSAS are found in the *Glossary* of the handbook.

2. **Making Changes After You Submit**
   You will be required to provide updates (as applicable) to various portions of the application post-submission. Read *Section III: Stay Engaged - Life After Submitting Your TMDSAS Application* for detailed instructions.

3. **Internet Browser**
   The TMDSAS application supports only the following browsers:
   - **For PC Users:** Internet Explorer, Firefox
   - **For Mac Users:** Firefox
   *Not using one of these may cause you to experience various technical issues.*

4. **Spring Grades Required (if applicable)**
   Only submit your TMDSAS application once Spring 2018 coursework and grades have been entered. Not doing so will cause major delays with the processing of your application.

WE’RE GETTING CLOSER…

Before we wrap up this section of the handbook and move into the *meat and potatoes* of the application, we need you to review two additional items that we think you’ll want to print out, frame and place lovingly on your nightstand:

➢ **Key Deadlines:** Visit our website for a *timeline* of key deadlines and action items that extend beyond the application window - from May to September. While it is possible that not *all* of these action items will apply to you, many of them will, so keep this information close by and refer to it frequently.

➢ **App Tips:** The second is a collection of general tips that - based on our experience - we believe will truly help you to adopt the best mindset for completing the application like a winner. We’ll still ensure relevant info and tips are sprinkled throughout the handbook, but keep these in mind as you ready yourself to start filling out the application.

Now pass the gravy because it’s time to dig in! Up next, *Section II: Be Thorough - Completing the Application.*
### Application Fee ($165)
- Application fee can be paid online by credit card or electronic funds transfer/ACH. Fee can also be paid by mailing in a money order or cashier’s check drawn on a US bank.
- If paying by credit card or electronic funds transfer, payment section **must be completed** in order to submit your application by the deadline.
- If paying by money order/cashier’s check, fee **must be received** in our office by 5:00 pm CST on October 1, 2018. *Any fees received after October 1 will not be accepted – no exceptions.*

### Official Transcripts
- Mail in official transcripts from each college/university you have attended, including:
  - **Colleges/universities through which you earned dual credit coursework while in high school.**
  - **Colleges/universities through which you earned credit that was then transferred to your home institution.**
- Transcripts should be accompanied by the TMDSAS Transcript Request Form. Form can be downloaded from [Transcript Request Form] page on website or from [Colleges Attended] section in the application.
- Spring 2018 grades (or Winter 2018 if on a quarter system) **must be** recorded on your transcript before delivered to TMDSAS.
- Transcripts for future coursework are not required **until** the course has been completed and a grade has been recorded.
- You **must** send updated transcripts to TMDSAS at the end of each term that coursework is completed between the time of application and expected date of matriculation.
- You can mail the transcript yourself as long as it remains in a sealed envelope from the registrar.

### Letters of Recommendation
- Do not have letters of evaluation delivered to TMDSAS until you have completed the [Letters of Evaluation] section of the application.
- Letters **must** be on official letterhead and contain evaluator’s signature and contact info or they will **not** be accepted.

### Test Scores
- To release MCAT scores: from the MCAT Testing History (THx) System, select [Send All of My Scores], then select [Texas Medical & Dental Schools Application Service].
- To release DAT scores: request that all of your DAT scores be released to one of the Texas dental schools to which you are applying. All DAT scores released to one of the Texas dental schools will automatically be sent to TMDSAS.

### Additional Info
- TMDSAS will begin to process your application once the application has been submitted and your application fee has been received. **We do not wait on supporting documents** (letters, transcripts). We will update the schools with these materials as they are received.
Getting through the TMDSAS Application
Like a Champ!

1. Start Early
What’s the best way to make sure you get everything done on time? Start early!
Do not wait until the last minute to submit your TMDSAS Application. Many schools begin interviewing candidates in July and August. Applications received early have a much better chance of being considered.

2. Be Prepared
The application is lengthy and requires planning to ensure you submit one that best conveys who you are. Having the following items ready to go before you start the application will ensure that you submit the best application possible:
- Copy of transcript from every college attended to complete the [College Coursework] section.
- Dates and hours of all employment, community service, research, leadership, and healthcare activities.
- Dates that DAT/MCAT/GRE exams were taken or will be taken
- Contact information for your evaluators

3. Quality Matters
Although you may be tempted to rush through the application process, remember that the quality of the items you submit will make a difference.

During review, the schools consider every factor that has contributed to your academic and personal achievements. Every item entered on the application will be considered and compared to others in that same group. Therefore, the quality of your application may be the thing that makes you stand out from the crowd and that results in getting the decision you’re looking for.

4. Tech Tip
Do not use the “Back” button while completing the application.

Using the navigation buttons and features of your browser will likely cause errors and other unpredictable behavior. Instead, use the application’s internal navigational features to move from section to section.

5. Deadlines
Don’t be tardy for the party! Submit your supporting documents as soon as possible to avoid delaying the review of your application by the schools.

During peak periods, TMDSAS can receive hundreds of supporting documents by mail each day. We process these documents as they arrive, but it may take several days for an item to be processed, uploaded into the application system, and appear on your [Status] page.

Be patient and check your [Status] page regularly. Given the number of applications TMDSAS receives, we cannot verify the receipt of supporting documents by phone or email.
Section II: Be Thorough - Completing the Application

A Step-by-Step Overview

Together we’ll review the application section-by-section. As noted in the App Tips page, it is advisable to read each section thoroughly for understanding and just as importantly, to take your time when completing them. For this section, you’ll need transcripts from every college you’ve attended, including dual credit courses.

Enter all colleges you attended in accordance with the following guidelines:

**List All Institutions:** Include all undergraduate, graduate, and professional schools you have attended, including colleges where you completed dual credit coursework. You must also enter information about **ALL** schools you plan on attending between now and the completion of Summer 2019.

**Include Future Coursework:** If you will be taking coursework in the future, you should list your end date as that future term. For example, if you will be taking courses through Spring 2019, your attendance dates would be: Fall 2015 - Spring 2019. *You may make revisions to this section any time during the application process. You will be able to add new colleges/universities as well as newly completed coursework.*

**Include Foreign Colleges:** You do **not** need to list a foreign college if it was part of an official study abroad program through your home institution and the coursework appears on the official transcript. If the sponsoring school is different than your home institution, such as Arcadia University, University of Minnesota Danish Institutes of Study Abroad, or International Studies Abroad (IES), you must list the sponsoring school.

**Regarding Multiple Degrees (Not Majors), Same Institution:** List each school once for each type of degree, even if there was a break in attendance. For example, if you attended Houston Community College in the summer of 2010 and 2012, you would list the school once with attendance dates as: Summer 2010 – Summer 2012. If you attended the same school for undergraduate and graduate/professional programs, list each degree program separately.
Avoid Processing Delay!
For best results, follow these instructions to the letter when entering your colleges attended. Failure to list all colleges and universities may delay processing of your application and may be considered a violation of your application certification statement.

How to Enter a College Attended

Step 1: Click on the [Add College or University] button.
➔ Enter the country, state and a distinctive part of the college or university name and a list of matching institutions will appear. Keep in mind that the less you type in the [College Name] field, the more results you will get back. Try just entering words that are unique to your college name. For example, if searching for The University of Texas at Austin, just enter Austin. Click the [Search] button to obtain your search results.

➔ Select the correct institution and click [Select] to add the school to your list of Colleges Attended. This will fill in the required [Institution Information] fields for the college listing.

College Not Found: If your college was not found in the search, you will need to add the college manually.

Step 2: Enter attendance dates and degree information.
➔ Majors and minors are listed alphabetically. If your major/minor is not listed, select “Other” and enter your major/minor in the designated field. Next, indicate if you were enrolled in an honors program at this school.

Step 3: Click [Add College Attended] on the bottom left corner of the screen.

Colleges Attended Questions
You will provide answers to four questions regarding your college career.

Fresh Start: Have you ever enrolled in any undergraduate institution in Texas under the Academic Fresh Start Provision? (See page 1 in the glossary for definition.)

Need more info about Academic Fresh Start?
For more information regarding Academic Fresh Start, including an episode of the TMDSAS Podcast, see our website.
**Primary Undergraduate:** Select your primary undergraduate institution. This is the institution from which you received or plan to receive your bachelor’s degree. If no degree is planned, select the school from which you earned the majority of your credit.

**Primary Graduate:** Select your primary graduate or professional institution. This is the institution from which you received or plan to receive a masters, doctoral, or other professional degree. As with your undergraduate, if no degree is planned, select the school from which you earned the majority of your credit.

**Release of Information:** You will also be asked if you want to release your information to the Health Professions Advisor at the school(s) you indicated. Read the following before answering:

➢ Checking [Yes] permits your advisor to view information about the status of your application.
➢ Checking [No] may cause a delay in the release of your HP packet to TMDSAS.
➢ TMDSAS strongly encourages you to give permission to release selected information about the status of your application to your health professions advisor.
➢ Having this information helps your advisor provide services to you and informs the advisor about the success of students from your college/university in being admitted into medical/dental/vet schools.
➢ Your application will not be adversely impacted if you do not agree to have your information released to your health professions advisor. We will process your application regardless of how you answer this question.

**Before Moving to the Next Section...**

Have transcript in Hand and Download the Course Listing for your Institution from www.TMDSAS.com.

Request an official transcript from each college/university you have attended to use as a reference for completing the [College Coursework] section. This helps ensure that your data is complete and accurate.
**TRANSCRIPTS**

**Have transcripts sent to us.** You must arrange for a sealed official transcript accompanied by a TMDSAS Transcript Request Form to be sent directly to TMDSAS. One official transcript is required from every regionally accredited U.S., U.S. Territorial or Canadian college attended. This includes:

- Colleges at which you took a course, even if transfer credit was later accepted by another school
- College-level courses taken while in high school, even if they did not count toward a degree at any college

**You can also send it yourself.** TMDSAS will accept a transcript sent by an applicant as long as it is in the official sealed envelope from the Registrar. Transcripts submitted by applicants cannot be more than a year old.

**Check status.** It is your responsibility to verify and ensure that TMDSAS has received all of your official transcripts. Check the status of your transcripts regularly by logging into your application and viewing the [Status] page. Scroll down towards the bottom of the page until you reach the [Supporting Documents] heading. If a document has been received, the receive date will appear next to the document name.

**Transcript Request Form**

1. Print the Transcript Request Form from the [Transcript Request Form] section of the TMDSAS website or from the [Colleges Attended] section on the application.
2. Fill out the Transcript Request Form.
3. Submit to the Registrar’s office of every accredited U.S. and Canadian college/university you have attended.
4. Be sure to advise the Registrar’s office to enclose the Transcript Request Form with your official sealed transcript and mail it directly to TMDSAS. Transcripts that are not accompanied by the Transcript Request Form can result in a delay in processing the document.

**Sending Your Transcripts with a Transcript Request Form**

Due to the volume of mail we receive every day, applicants are strongly encouraged to utilize the Transcript Request Form.

Be sure to inform your registrars that this form should be attached to the transcript when it is sent to TMDSAS.

**Other types of transcripts.** TMDSAS accepts all official transcripts, including the following types: Canadian transcripts, International transcripts, Military transcripts, Study Abroad transcripts, transcripts from Overseas U.S. Institutions, and Electronic transcripts. See glossary for a full description of each.

➔ From the drop-down menu, select the year, term and whether or not the credits are reported in semester or quarter hours.

➔ Click [Add This Term] to save.

Step 2: Repeat previous step for each term you attended.

➔ For example, if you attended UT San Antonio from Fall 2015-Spring 2018, and only attended Fall and Spring semesters, you would have a total of six terms entered.

Step 3: Continue for all institutions.

➔ Repeat steps 1-2 for each institution where you completed college coursework, including where you plan to complete coursework.

Step 4: Remember to save!

➔ Once you have entered all terms for all institutions, you MUST click [Save] or [Save and Continue] or your information will be lost.
COLLEGE COURSEWORK

Before beginning the next section, remember three things:

1. **Using Your Transcript, Be Prepared to List All Courses:** It is helpful if you enter courses in the same order in which they are listed on your official transcript. You will list all coursework ever enrolled in at every college you have attended and have listed in the [Colleges Attended] section. This includes:
   - College-level courses taken while in high school (i.e. dual credit courses), even if they did not count toward a degree at any college.
   - Colleges at which you took a course, even if transfer credit was later accepted by another school.

2. **Include Future/Planned Coursework:** Be sure to include future/planned coursework *Terms reflecting future/planned coursework should already be listed in [Terms Attended].
   - In the [College Coursework] section list the courses you plan on taking. You will indicate “Not Yet Reported” for the grade.
   - If you are unsure of the courses you plan on taking, list at least one placeholder course.
   - Always answer “YES” to Last Time Taken for future coursework.

3. **If in Doubt About a Course:** All courses that appear on your official transcript(s), and for which a grade and credit were ever assigned, will be included in the TMDSAS GPA calculations, even if they are not included in the GPA calculations of the transcript-issuing school. This includes, but is not limited to:
   - Courses that have been repeated
   - Courses that you failed, regardless of whether they have been repeated
   - Courses you took in high school for college credit that appear on a college transcript
   - Courses taken at American colleges overseas

**TMDSAS Policy: Entering Coursework**

TMDSAS verifies your self-reported grades against your official transcript(s) and will report any discrepancies to your selected institutions. TMDSAS does not enter courses for you. TMDSAS will contact you for corrections or explanations if it identifies a significant number of course discrepancies or omissions. Failure to properly enter all course information and to make corrections as requested may result in processing delays and may jeopardize your chances for admission.
Time to Begin Entering Coursework!

Follow these step-by-step instructions for entering your coursework into the [College Coursework] section of the application.

Step 1: Select Term

→ Select the term from the institution you wish to enter coursework for by clicking on the [Add Course] button

→ Indicate your academic status for the term.

Status options include: PF: Pre-Freshman, FR: Freshman, SO: Sophomore, JR: Junior, SR: Senior, PB: Post-Baccalaureate, GR: Graduate

---

Step 3: Course Type (See glossary for definitions.)

→ Indicate course type for the course you are entering. Course types are:

➢ Regular Class
➢ Distance Learning/Online Course
➢ Honors
➢ Study Abroad
➢ Advanced Placement/CLEP
➢ International Baccalaureate
➢ Credit by Institutional/Departmental Exam
➢ Audit

Step 4: Prefix
➔ Enter the departmental prefix for the course as it appears on the official transcript. For example, CHEM, BIOL, PSYC, ENGL, etc.

Step 5: Course Number
➔ Enter the course number as it appears on the official transcript. Do not enter the section number.

Step 6: Course Name
➔ Enter the course name.
➔ Simply capitalize all the first letters of all words, even if it appears in all CAPS on the transcript.
➔ Use your best judgment - only abbreviate where necessary

Step 7: Course Area
➔ Download the Prescribed Course Listing for your institution from www.tmdsas.com.
➔ Indicate the course area for each course.
➔ Select course area classification based on the primary content of the course.
➔ Refer to the course area guide associated with your institution.
➔ For courses that are not listed, use your judgment – TMDSAS will determine the correct course area during processing. (Refer to PCR Determination and Appeals Policy on page xiii).
➔ Any Math course that is not Developmental, Calculus or Statistics, should be coded as OtherSci.
Step 8: Transcript Grade

➔ Enter the grade **exactly** as it appears on the official transcript. If you earned an A, select A.

➔ If narrative evaluations are used in your system in lieu of grades, list "Pass" if pass credit was awarded. Copies of narrative evaluations will be forwarded to your designated colleges.

➔ Grades standardized As you enter your grades, the application system will convert the grade to a TMDSAS Grade. The TMDSAS grading system standardizes the grades to be used in the GPA calculation and to be reported to the medical, dental or vet schools.

➔ TMDSAS Grades include: A, B, C, D, F, Credit, Pass, Quit, Failed, Incomplete and Not Yet Reported (for future or planned coursework).

Step 9: Credit Hours

➔ Enter the credit hours **according to transcript**. You can enter hours up to one decimal place (00.0).

➔ Enter in semester or quarter hours only. You will indicate whether your school operates on a semester or quarter system when adding the terms in the [Terms Attended] section.

➔ Only list courses worth credit. Do not list any course where 0 credit hours were earned, for example, chapel, orientation, etc. If you withdrew from a course, list the number of hours you would have earned had you completed the course.
Note: all Texas schools report credit in semester hours.

Credits Listed as Units: Some institutions grant credits as course units. If your grades are reported as units, you will need to convert them to either semester or quarter hours. The back of your transcript should have the conversion. If not, contact your Registrar for the conversion.

Common Conversion Examples:
- Austin College: 1 unit = 4 semester hours
- Duke University: 1 unit = 4 semester hours
- Northwestern University: 1 unit = 4 quarter hours

Step 10: Last Time Taken
➔ Answer “Yes” if:
➢ You took this course only once and do not plan to retake it.
➢ The course was repeated for additional credit but not for a better grade. Common examples include: Physical Education, Chorus, Band, or Research/Thesis.
➢ This is a future or planned course.

➔ Answer “No” if:
➢ You withdrew from the course and re-took or plan to retake the course.
   ○ Answer “No” for the first time and “Yes” when taken for the last time.
➢ You retook or plan to retake the course for a better letter grade.

DISCIPLINARY ACTION

You must answer truthfully the following questions concerning your education:

2. Were you ever the recipient of any action by any college or professional school for unacceptable academic performance (e.g. academic probation, suspension, dismissal, etc.)?
3. Were you ever the recipient of any action by any college or professional school for conduct violations?

TMDSAS Policy: Your Responsibility to Notify TMDSAS of Changes to Disciplinary Action

This communication must occur within ten (10) business days of the occurrence of the institutional action.    *Important to note: this determination is not final.*

2. **During Processing, Application Reviewed**: While processing your application, TMDSAS staff will review the initial determination along with an in-depth review of all components of your application. If more information is needed to substantiate a claim of residency, you will be required to provide them in a timely manner.

TEST SCORES
Report any change to planned test dates: Any change in planned test dates MUST be immediately reported to TMDSAS. You can update this information by logging into your application. Failure to do so will cause your application to be incomplete which could affect your evaluation at one or more of the participating schools.

DAT Scores - Dental Applicants Only
The Dental Admission Test, DAT, is required for admission to dental school. The DAT must be taken within the last five years. A test score from a DAT taken before 2014 will not be considered for the 2019 entry year application.

➢ The DAT must be taken for the first time before December 1 of the application year to be considered for the current application cycle. Dental schools begin making offers of admission December 1st; therefore, waiting to take the DAT until that late date will delay any consideration for admission until after your test scores are released. It is recommended that you take the DAT in the spring or summer prior to applying.

➢ Must Release Scores. Applicants are required to request their DAT scores be released to each of the dental schools they are applying to. All DAT scores released to the three Texas dental schools will automatically be sent to TMDSAS.
1. DENT PIN – Enter your DENT PIN given to you by the ADA.

**A Note about Your DENT PIN**
The DENT PIN is a unique identifier for applicants and students involved with the U.S. dental education system and standardized testing programs.

You must register to retrieve a DENT PIN from the ADA site and use it to proceed with your application. If you do not know your DENT PIN, please go to the ADA website and follow instructions there to create or retrieve it.

2. DATs Taken – Enter all dates you have taken the DAT.
3. DATs Planned – Enter all dates you plan to take the DAT between the time of application and December 1, 2018.

**MCAT Scores – Medical Applicants Only**
All admission test score(s) MUST be reported directly to TMDSAS by AAMC. Scores submitted from your personal score report will not be accepted.

- **The MCAT is required for admission to medical school.** The exam must have been taken no earlier than 2014 and no later than September of the year preceding enrollment into medical school (e.g. if you are applying for entry year 2019, September 2018 is the last month you can take the MCAT). No score from a test taken within the year of enrollment will be accepted. MCAT scores can be no more than five years old.

- **Must Release Scores.** Applicants MUST release their MCAT scores to TMDSAS by using the MCAT Testing History (THx) Report System. LETTERS OF EVALUATION
Read on to determine how many letters are required based on what type of applicant you are – dental, medical or veterinary.

Choosing an Evaluator
Evaluators should know an applicant well enough to evaluate him/her both academically and personally. It is recommended that your evaluators be current/former professors that can speak to your academic ability in the sciences.

Dental School Applicants:
➢ Two individual letters of evaluation OR one Health Professions Committee Letter/Packet
➢ Texas A&M University College of UT School of Dentistry at Houston applicants must submit an additional evaluation letter from a practicing dentist.
➢ Option to submit 1 extra letter

Medical School Applicants:
➢ Three individual letters of evaluation OR one Health Professions Committee Letter/Packet
➢ Option to submit 1 extra letter

Veterinary School Applicants:
➢ Three individual TAMU Veterinary Applicant Evaluation Forms submitted directly to TMDSAS.
➢ At least one evaluation must be completed by a veterinarian.
➢ Only the TAMU CVM Evaluation Form will be accepted. Letters of evaluation will not be accepted.
What is a Health Professions Committee Packet?
Many institutions utilize a Health Professions Committee Packet for their professional school applicants. These packets come in three basic formats:

1. Committee letter with supporting letters attached.
2. Committee letter that is composed and uses quotes from various evaluators but may or may not have supporting letters attached.
3. Collection of individual evaluation letters which may also include a cover letter from an advising office or school letter service. The advising office or school letter service serves as a central collection service for the applicant, but does not make additional assessments of the candidate.

All three types of HP Committee Packets are acceptable to TMDSAS, regardless of the number of evaluations that may be contained within the document. TMDSAS respects the varying philosophies of colleges and universities as to how best to provide a HP Committee Packet and therefore does not limit the number of evaluations included. If you are having an HP Committee Packet submitted on your behalf, indicate the name of the school that will be submitting the packet.

Letters of Evaluation must include:
1. Official Letterhead
2. Contact information of evaluator – telephone number and/or email address
3. Signature of evaluator
Be sure to inform evaluators of letter requirements as letters missing any or all of this information will be rejected!

Don’t Miss These Two Steps!
1) You must have answered "Yes" to the following question in the [Colleges Attended Questions] section: "Would you like to release your information to the health professions advisor at any school(s)?" and indicate the school that will be uploading your committee packet.
2) You must select the institution that will provide your HP Committee Packet. To do this, you must have first completed the [Colleges Attended] section.

How to Submit your HP Committee Packet to TMDSAS
Your HP office can deliver your committee packet several ways:

**Method 1:** They can upload the packet directly to your application using the TMDSAS Advisor Portal.

**Method 2:** They can deliver the packet to us electronically using either Virtual Evals or Interfolio.

**Method 3:** They can mail the packet to TMDSAS.

Delivering Individual Letters to TMDSAS
There are three ways individual letters can be submitted to TMDSAS.

Method 1: Evaluator can upload the letter directly to TMDSAS via TMDSAS Evaluator Portal:
➢ Applicant provides evaluator's name and email address in the [Letters of Evaluation] section.
➢ Once evaluator's name and email are provided, the evaluator receives an email from TMDSAS directing him or her to the TMDSAS Evaluator Portal.
➢ Contact your evaluator to ensure that he/she received the email from TMDSAS.
➢ Evaluator will follow instructions provided for submitting the letter of evaluation.

Method 2: You may deliver letters electronically through Interfolio:
➢ Applicant contacts evaluator and requests that he or she upload their letter of evaluation to applicant's Interfolio account. Make sure your TMDSAS ID is on your letter(s) so that they are matched to your application properly.
➢ Applicant enters evaluator name in [Letters of Evaluation] section.
➢ Applicant initiates letter delivery from Interfolio to TMDSAS.
➢ NOTE: Letters submitted through Interfolio are not automatically uploaded into the TMDSAS portal. Please allow 5-7 business days for letters to be processed and approved.

Method 3: Evaluator can mail the letter to TMDSAS through regular mail:
➢ Applicant enters evaluator name in [Letters of Evaluation] section.
➢ Applicant notifies evaluator to mail in letter to TMDSAS. Make sure your TMDSAS ID is on your letter(s) so that they are matched to your application properly.

Your evaluators can deliver your TAMU Veterinary Applicant Evaluation form in two ways:

**Method 1:** Evaluator can complete the evaluation online via the TMDSAS Evaluator Portal:
- Applicant provides evaluator's name in the [Letters of Evaluation] section.
- Select **Upload Directly** as response to “**Indicate how your evaluator will send your letter to TMDSAS**”.
- Enter a valid email for the evaluator.
- Once evaluator's name and email are provided, the evaluator will receive an email from TMDSAS with the evaluation form directing him or her to the TMDSAS Evaluator Portal.
- Contact your evaluator to ensure that he/she received the email from TMDSAS.
- Evaluator will follow instructions provided for completing and submitting the evaluation form and uploading it to the TMDSAS Evaluator Portal.

**Method 2:** Evaluator can mail the evaluation form to TMDSAS through regular mail:
- Applicant enters evaluator name in [Letters of Evaluation] section.
- Select **Print** as response to “**Indicate how your evaluator will send your letter to TMDSAS**”.
- Download and print the Texas A&M University College of Veterinary Medicine Applicant Evaluation Form. Print a form for each evaluator that will mail in evaluation form.
- Complete the top portion of the TAMU CVM Evaluation Form.
- Deliver the form to your evaluators. You can do this by mail, by fax or in person.
- Your evaluator must then fill out the TAMU CVM Evaluation Form and sign it. Evaluator should mail the completed TAMU CVM Evaluation Form to:

  TMDSAS  
  P.O. Box 2175  
  Austin, TX 78768

**Extra Letters**

TMDSAS will forward one letter in addition to the required letters for dental and medical applicants. You will indicate in the application if you are submitting an extra letter and the name of the evaluator writing the extra letter.

If you indicate that you are submitting an extra letter, many schools **will not consider your file complete until both the required letters and extra letter are received.**
Your Chronology of Activities MUST account for all time between high school graduation and August 2019.

Your Chronology of Activities will be automatically built from the information you enter in all other sections of the application. This is done for your convenience; therefore, it is to your advantage to complete all other sections before completing this section. The compiling of this data will be done only once – if you delete or change items in other sections after your Chronology is compiled, you will have to retype that information in your Chronology – you cannot re-import the data. You can edit or delete items from the Chronology – doing so will not change what you have entered elsewhere in the application.

Once the import of your data has been done, a [Show Activities Calendar] link appears. Click on the link to see a calendar displaying any gaps in your chronology. Gaps will be indicated by a blank box on the calendar. All gaps greater than 3 months must have a record. You will be able to add records to fill any gaps in time.

NOTE: this page only imports the first 50 characters of previously entered descriptions. If you do not want your description to be truncated, be sure to edit your activity descriptions appropriately after import to fit within 50 characters. The schools will see the full description within each [Employment & Activities] section.

Section III: Stay Engaged- Life After Submitting Your TMDSAS Application

SIX CRITICAL NEXT STEPS

The following are things an applicant must do in order to keep themselves informed and ensure adherence to TMDSAS guidelines following the transmission of the application.

☐ 1. Send updated transcripts at the end of each term completed: Be sure to submit an official transcript reflecting new grades between the application deadline and planned entry date – Summer 2019. All new grades will be verified and new TMDSAS GPAs will be computed and made available to your designated schools.

☐ 2. Review Prescribed Coursework (PCR): Upon transmission of your application to the designated school(s), TMDSAS will notify you by email. It is your responsibility to review the PCR determinations made by TMDSAS.

PCR Appeal? If you disagree with the way a course or courses have been coded, you have the option to appeal. See page xiii for PCR Appeals Process

☐ 3. Monitor the status of your TMDSAS application: Checking the status of your application online allows you to follow the progress of your application and the supporting documents and test scores received on your behalf.

To check your status:
  ➔ Step 1: Sign in to your application.
  ➔ Step 2: Click on the [Status] status link from the menu on the right-hand side of the application.
  ➔ Step 3: You will see the date each section of the application was completed under [Section Status]

4. Check your messages regularly: Important messages will be sent to you by TMDSAS either through email or through the internal message system within your application. If you have questions that cannot be answered by reading the TMDSAS website or by monitoring your application status online, you can contact TMDSAS either by email, sending a message through the application or by phone.

5. Update Your Coursework – Academic Update: After initially submitting your application, you may want to update your college coursework history to reflect newly completed courses or planned/in progress courses following the Spring 2018 term. Remember, you cannot submit your application until you have entered your Spring 2018 grades (or Winter 2018 if on a quarter system).

FAQs: Application Processing

So you’ve submitted your application, now what should you do? Keep yourself in the loop! TMDSAS makes it easy to stay informed about what’s going on with your application. Use the tools we provide to monitor your status, to make updates as needed, and to send and receive vital communication.

How Long to Process?

Feeling anxious? This is an exciting moment, and it is understandable that you will be highly anxious to have your application transmitted to the school(s) of your choice as soon as possible. We truly understand.

Your patience is appreciated. TMDSAS’ mission is to get your complete application to the schools expeditiously and free of error. This entails a thorough review of each section of your application as well as your supporting documents: transcripts, letters, and test scores.

Expect a few weeks. During peak season, this process can take anywhere between 2-4 weeks. This timeline can become even longer when an application is not completed according to the guidelines provided and thus causes a delay. Therefore, following directions pre- and post-submission and keeping lines of communication open are vital to ensuring the process runs as smoothly as possible.

When do we Begin Processing?

TMDSAS will begin to process your application once the online application has been submitted and the following items have been received:

1. Application Fee (payable by credit card, electronic funds transfer/ACH or by mailing in a money order/cashier’s check drawn on a U.S. bank).
2. Copy of Permanent Resident card or Visa (if applicable)

We won’t wait to begin processing. You may submit your application before your transcripts or letters of evaluations have been received. Applications will be processed and transmitted to schools without these supporting documents. Schools will be updated with these materials as they are received.

A mark sheet; a complete record of academic work, i.e., all subjects taken and grades or marks secured in each subject, including failures, if any. TMDSAS accepts all official transcripts, including the following types: Canadian transcripts, International transcripts, Military transcripts, Study Abroad transcripts, transcripts from Overseas U.S. Institutions, and Electronic transcripts. See below for a full description of each.

➢ Canadian Transcripts
Follow steps 1 – 4 above to have your English-language Canadian transcripts sent to TMDSAS.

➢ International Transcripts
Enter coursework taken at all international colleges/universities in the [College Coursework] section. Although TMDSAS permits you to list foreign coursework in your application, TMDSAS does not verify this coursework for authenticity and does not use grades from international transcripts in computing TMDSAS GPAs.

You are required to submit one transcript from every international college/university you have attended. TMDSAS also encourages international applicants to submit a copy of any evaluation of international coursework that has been completed by an official credential evaluation service. TMDSAS will forward a photocopy of your international transcript and evaluation to your designated medical/dental/veterinary schools.

If you have difficulty obtaining an official transcript from your foreign institution, TMDSAS will accept a copy from your personal records.

➢ Military Credit & Transcripts
Individuals in the U.S. Armed Services frequently receive credit for special courses that they have taken while in service. These courses are considered post-secondary, but do not appear on a college transcript. In other situations, information about these courses may be posted to a Joint Services Transcript. **TMDSAS does not consider these courses to be college courses and they should not be added to the application.**

In certain situations, colleges/universities may award academic credit for these same military courses, or for experiences gained during military service. Such credit is usually considered “life experience credit” and is awarded as credit hours towards the completion of a degree. In situations such as this, the applicant should indicate the credit hours on the TMDSAS application, under the college/university granting the credit. Only the credit hours actually awarded by the college/university should be included in the TMDSAS application.

You can submit your JST to TMDSAS and we will forward it to the medical/dental/veterinary school for their review.
➢ Study Abroad Transcripts
If you participated in a Study Abroad program under the sponsorship of a U.S. or Canadian institution and the international coursework appears on the U.S./Canadian transcript as regular itemized credit, only list the U.S. or Canadian institution on your TMDSAS application. DO NOT list the foreign institution. If the sponsoring school is different than your home institution, such as Arcadia University, University of Minnesota Danish Institutes of Study Abroad, or International Studies Abroad (IES), you must list the sponsoring school.

Arrange for only the U.S. or Canadian transcript to be sent to TMDSAS. TMDSAS processes study-abroad coursework in the same manner as U.S. and Canadian coursework.

➢ Transcripts from Overseas U.S. Institutions
Overseas U.S. institutions are:
1. Located outside U.S. borders
2. Accredited by a regional institutional accrediting agency recognized by the U.S. Department of Education
3. Use English as the primary language of instruction and documentation

If you attended an overseas U.S. institution, report it to TMDSAS in the same manner as your U.S. and (English-speaking) Canadian institutions and arrange for an official transcript to be forwarded to TMDSAS. List all coursework on your TMDSAS application. U.S. institutions with campuses overseas are also considered U.S. colleges for which transcripts are required and all coursework must be listed.

➢ Electronic Transcripts
TMDSAS accepts electronic transcripts from Credential Solutions (formerly eScrip-Safe) only. You can find a list of institutions they serve on their [website](#).

   You must respond promptly to all invitations for interview. In those instances, when you cannot appear for a previously scheduled interview, you are responsible for promptly notifying the school. You should notify the school of the cancellation initially by telephone, followed by an email.

7. **Establishing a Proxy**

8. **Withdrawing an Application**

   a. If you choose to withdraw your application from one or more schools, you must notify each school **and** TMDSAS of your decision in writing via email.

   b. Once you have made a final decision on the school you plan to attend, you have the obligation to **promptly withdraw** your application from all other schools.

9. **Transcripts**

   The application fee of $165 is not refundable and must be submitted by the deadline.

12. **Record of Application**
   Print and retain a copy of the completed TMDSAS application for your personal records.

13. **Monitor Status**
   Monitor the status of the application online and through the TMDSAS Mobile App. Checking the status of your application online allows you to follow the progress of your application and the supporting documents received on your behalf.

14. **Completing the Application**
   It is your responsibility to complete, honestly and thoroughly, all sections of the application to the best of your ability. Note the policy regarding two components of the application:
   a. **Entering Coursework**: TMDSAS verifies your self-reported courses against your official transcript(s) and will report any discrepancies to your selected institutions. **TMDSAS does not enter courses for you**. TMDSAS will contact you and return your application for corrections or explanations if it identifies a significant number of course discrepancies or omissions. Failure to properly enter all course information (including future/planned coursework) and to make corrections as requested may result in processing delays and may jeopardize your chances for admission.
      The exception to this is in coding your courses; TMDSAS will correct the course coding during the review and processing of your application. We advise you to use the course listings on the TMDSAS website when available, otherwise, use your best judgment in entering your coursework. Just make sure all courses are in the correct term as reflected on your transcript. (Review Applicant Responsibilities.)
   b. **Chronology of Activities**: Your Chronology of Activities MUST account for all time between high school graduation and August 2019. Your Chronology of Activities will be automatically built from the information you enter in all other sections of the application. All gaps greater than 3 months must have a record.

15. **Post Transmission Review**
   Following the transmission of the TMDSAS application to the selected schools, you will receive an email notification from TMDSAS. There will be a window of 7 days from the receipt of the email for you to appeal any of the determinations regarding coursework coding or residency made by TMDSAS. Refer to page xiii for PCR Determination and Appeals Process.
GPA Calculation Rules

The Texas Higher Education Coordinating Board determines the procedures for calculating the GPA for students seeking admission to graduate or professional school in Texas. All institutions must follow these guidelines. The guidelines are as follows:

A. Only official transcripts from **regionally accredited institutions of higher education in the United States** shall be accepted by the graduate and professional schools of an institution of higher education for evaluation and grade point calculation. *Canadian coursework will not be used in calculating the GPA. Schools will refer directly to the official transcript for GPA information.*

B. All academic work undertaken and grades or symbols assigned at each institution shall be reflected on the student’s official transcript(s). No grade may be expunged from a student’s record.

C. All grades assigned for academic coursework shall be used in calculating the GPA.

D. A 4.0 scale shall be used in computing the GPA. (A=4.0, B=3.0, C=2.0, D=1.0, F=0.0)

E. A grade or symbol indicating failure (F, WF, NC, or in a pass/fail system, FL equals F) shall count as hours undertaken, but no grade points shall be earned.

F. Excluded from the GPA shall be any credit by examination (CR), quit (Q), withdrew (W), withdrew passing (WP), incomplete (I or X), and a pass grade within a pass/fail system.

G. The GPA shall be computed by multiplying each grade point (see 4 and 5) by the semester or quarter credit hours earned per course and totaling the products. The semester or quarter hours of courses undertaken shall then be totaled. The total of the products shall be divided by the total semester or quarter hours. The result is to be calculated to the hundredth place, giving the official cumulative GPA.

H. Academic work at foreign colleges, universities or prep schools shall be excluded from the calculation. In such cases, the GPA and credit shall be evaluated and computed as determined by the graduate or professional school to which the student is applying.

PCR Determination and Appeals Process

During processing, the information entered in the [College Coursework] section of the application is reviewed and compared with the corresponding course listing from the applicant’s colleges attended. This ensures that all coursework is listed and that each course is properly coded by TMDSAS standards. Be aware that TMDSAS may make changes if courses are coded incorrectly.

Upon transmission of the application to the intended institution(s), the applicant will receive an email notification from TMDSAS. The applicant will have the opportunity to review the application and the decisions of TMDSAS regarding coursework coding. **The applicant will have seven days from the date of the email notification to initiate an appeal in writing to TMDSAS if he or she does not agree with the coursework coding.**

The TMDSAS Coursework Review Committee will review all appeals on a case-by-case basis and will make final decisions regarding coursework coding.

What to include in an appeal:
- **Email** info@tmdsas.com, with the subject line: Course Appeal
- **Include** your name and TMDSAS ID #
- **Provide** course prefix, number, and full course title, along with the granting institution’s name.
- **Explain** why you believe this course meets the requirements to be included in the pre-requisites.
- **Attach** a course syllabus for each appealed course and any other course documentation that you feel will support your claim.
Residency Determination and Appeals Process
During processing, the initial residency determination that was made based on the information entered in the [Proof of Residency] section by the applicant is reviewed. If the applicant is determined to be a non-Texas Resident, the Residency Specialist will conduct a further evaluation and may request any necessary documentation from the applicant to issue an official determination.

Upon transmission of the application to the intended institution(s), the applicant will receive an email notification from TMDSAS. The applicant will have the opportunity to review the application and the decisions of TMDSAS regarding their residency status.

The TMDSAS Residency Review Committee will review all appeals on a case-by-case basis and will make a residency determination that is final.
